From: Michael Jay Thompson

XL Four Star Beef, Nampa

PTC# P-060029

Bill, Thank you for your assistance

As a follow up to our previous letter we understand that a revision to our original permit is required, and we would like to proceed in processing the application for the revision to our current permit PTC # P-060029.

By replacing the 30,000 cfm quad Corp wet chamber scrubber with a Packed Bed 25,000 cfm scrubber, we will be reducing our emissions slightly and the new control equipment will be much more efficient in helping reduce the possibility for odor.

We acquired this Packed Bed scrubber from our sister plant in Omaha, Ne. and there are no name plates or manufacturer, model, type or indentifying information on this unit however measurements 20' x 7.33 x 7.33 meet the specifications that is pertinent to our operation, I have also attached the drawing that has our planned installation design with dimensions for the new scrubber.

Thank you Gentlemen,

A handwritten signature in black ink, appearing to read "Michael Jay Thompson".
